A unique plan and big worry solved

Just as the choices individuals make regarding the type of end of life service they would wish for are hugely diverse, we have found that the ways in which individuals wish to fund these purchases are widely varied too. These decisions are clearly dependent not only on one's financial situation, but frequently based on personal choice, circumstance and lifestyle considerations.

We have therefore created our new 3rd Edition **FROM50** to accommodate a wider choice of options.

It could be that you wish to purchase by way of a single payment or indeed over monthly instalments across a 1 to 5 year period, or perhaps our low Fixed Monthly Payment option, with its exclusive ground breaking combination of benefits; cover after just twelve months and a rebate benefit entitlement on any overpayment, is the option that is the most appealing to you.

Whatever style of funeral plan you opt for and whichever payment vehicle you decide upon to fund it, you can rest assured that with over 30 years of experience in funeral planning, we will be here to expertly guide you.

Ground-breaking benefits provided by the **FROM50 Fixed Monthly Payment Option:**

You're fully covered after only twelve months

Many plans expect you to pay Fixed Monthly Payments for two years, before you are entitled to be fully covered. With our **FROM50 Funeral Plan**, you are fully covered after just 12 months, and immediately covered for accidental death from the outset*.

Your monthly payments are fixed from the outset

You can relax knowing your monthly payments will never go up and neither will your funeral director's costs – which are guaranteed**.

This worry was always at the back of my mind – and I can't believe how simple it's been to arrange!

Receive a rebate if you've overpaid with our Overpayment Rebate Benefit

With all funeral plans that are paid by way of Fixed Monthly Payments, it is possible, (depending on how long you live) to pay more into the plan than it pays out to provide your stipulated funeral services on death. With our new **FROM50 Funeral Plan** though, we have sought to alleviate this problem. Due to our Plan's totally unique Overpayment Rebate Benefit feature, if the sum of the Fixed Monthly Payments you have paid in total more than the sum paid out to Golden Leaves Limited to fund the funeral service on death; your estate will be eligible for a rebate of a percentage of this amount.

The rebate of up to 100%* of the overpaid Fixed Monthly Payments depends on the type of plan and age of the plan holder at the time the policy is taken out and the date of death.

* Please refer to our Terms & Conditions for full details.

** If paid by way of Fixed Monthly Payments, these costs are guaranteed once more than 12 months' worth of premiums have been paid.

How this plan helps protect you against rising funeral costs

You don't need us to tell you that everything seems to go up in price every year. Unfortunately it's just the same with funeral costs.

- If, in 2004, you had put £1920 (then the average cost of a funeral*) into a deposit savings account, then you would have seen this grow to about £2,177** over the following 12 years.
- However, over the same period, the average cost of a funeral has increased dramatically to £3,897*.

But because this Plan pre-pays your agreed funeral director's services at today's costs, you are unaffected by any future price rises on these fees. In addition to this, there is also an allowance for disbursements included in this suite of plans from the outset and this figure is indexed, which enables the allowance to increase annually, to help it combat rising disbursement costs.

A real alternative to saving for your funeral

A plan like this can offer a better financial option than putting money in a savings account to pay for future funeral costs.

Since 2004, funeral costs have soared – but interest paid on savings accounts has remained very low. The amount of money, which would have paid for a funeral back then, plus the small amount of interest earned over the years, would not cover the cost of an average funeral today. Your family would be left with a substantial extra amount to find, (at today's calculation, approximately £1,720), quite apart from having to access your savings account to pay for the funeral.

* Average of quotes for standard cremation and burial arrangements from a sample of UK funeral directors. SunLife Cost Of Dying report, 2016.

** Using average gross Bank and Building Society instant access deposit account interest rates Aug 2004 – Aug 2016, from Bank Of England ref IUMTHAK/IUMB6VK.

Past performance is not necessarily a guide for the future.

A sound financial decision

We're proud to say that the **FROM50 Plan** offers much better all-round benefits than other plans currently available offering the same services.

When purchasing a funeral plan, it is of paramount importance to know that the money that is paid into the plan will be there to pay the funeral service in years to come.

With a **FROM50 Plan**, you can be safe in the knowledge that the funds will either be placed into the Golden Leaves Trust or if you have opted to pay by Fixed Monthly Payments, paid to AXA Wealth Ltd., where we will take out a whole of life policy to fund the stipulated services in the future, whenever they are required.

When the funeral is required, the nominated funeral director will be paid to provide the services stipulated in your plan and irrespective of how much the costs have risen in the space of time between these two events (provided, if you are paying by way of Fixed Monthly Payment, you have continually paid your premiums for more than 12 months), you will not be charged any more for the funeral director's services within your plan – these services are guaranteed and there will be no more to pay.

However, there are some costs we cannot control. These are third party expenses known as 'disbursements', which include fees for the cemetery, crematorium, doctors' certificates or clergy, for instance.

I'm not getting any younger and to be covered quicker than anywhere else is a massive benefit.

Our suite of plans (excluding Copper and Bronze) will include a sum of money to be used towards these costs. This contribution is paid out when you die and will increase annually at a rate dependent upon which payment method you have opted for, to help keep pace with funeral inflation. It is possible that there may be more to pay at the time of the funeral.

In partnership with SunLife

For the Fixed Monthly Payment option, to provide the benefits of your FROM50 Plan, your Fixed Monthly Payments are paid to AXA Wealth Ltd, trading as SunLife to secure a whole of life policy. Golden Leaves, (who are the beneficiaries of the policy,) will utilise the proceeds of the policy at the time of your death, to provide your chosen funeral services.

With their roots going back to 1810, SunLife has strived to deliver affordable financial products providing peace of mind and excellent service to thousands of customers.

Choose a plan to suit you

The **FROM50** Funeral Plan offers five different options so you can choose the funeral arrangements you would prefer and can afford, whether it's something simple or more elaborate.

The FROM50 Copper Plan

This very basic plan provides a direct cremation service only. This funeral includes the professional services of the funeral director for arranging and conducting the cremation, the collection of the deceased from the place of death (**included in the plans costs are collection from the Hospital or from the Coroner's mortuary. Removals from the home or nursing home will incur an additional cost of £250.*), the doctor's fees, subsequent conveyance of the deceased to the crematoria and the cremation fees.

This funeral does not include any viewing of the deceased, any hearse or limousines and does not include any service for the attendance of mourners. Due to the nature of this service, the cremated remains will be scattered at the crematoria or alternatively they can be made available to the next of kin to collect.

The FROM50 Bronze Plan

This straightforward plan provides the professional services of your funeral director, a hearse to meet the mourners and a plain coffin. It doesn't cover any contribution towards other funeral expenses or "disbursements" such as cremation, cemetery or clergy fees.

The FROM50 Silver Plan

This plan provides the professional services of your funeral director, a hearse to meet the mourners and a basic coffin. It also includes a contribution towards "disbursements" such as cremation, cemetery or clergy fees.

The FROM50 Gold Plan

This plan provides all the elements specified in the Silver plan plus an upgrade to a standard coffin. It also allows for one limousine to transport the mourners and family to and from the service.

The FROM50 Platinum Plan

The plan includes all the elements specified within the Gold plan plus an upgrade to a high quality coffin. It also allows for two limousines to transport the mourners and family to and from the service.

Special details

If you would like additional services not included in the plan, such as the purchase of a new grave or a service at a local church, please let us know. We will be happy to discuss these with you and incorporate the costs into your plan, providing your selected payment option allows this choice.

Once you've decided on the plan that best suits your needs, just talk to us and we can arrange the payment method that is most appropriate to your personal circumstances. Payments can be made by way of low Fixed Monthly Payments, single payment, or by instalments over 12-60 months.

Making it easier for those left behind

Making funeral arrangements can be especially difficult for those who are grieving the loss of someone special.

By planning your final "send-off" you will spare your family and friends the burden and confusion of organising the funeral themselves.

Planning your own funeral will also ensure your preferences are respected and followed as closely as possible.

Make your wishes known

Have you thought about any special details you'd like for your funeral?

Your Golden Leaves **FROM50 Plan** lets you record your funeral wishes, such as the poems, readings, hymns or music you want to be played. In fact, any aspect of your own funeral that matters to you and is close to your heart. There's no charge for changing or adding to these at any time. Should any of your requests incur extra costs, which aren't included in your plan, of course we will let you know.

- Golden Leaves were also the **first to introduce** a funeral plan that provides a **Fixed Monthly Payment** option which **covers you after just twelve months** and provides eligibility for a **rebate of any overpaid premiums** from Golden Leaves.
- All Funeral Directors that we appoint, have to satisfy a number of **stringent service requirements** before they can provide services for a Golden Leaves Funeral Plan.

The Golden Leaves Trust

If you are to purchase your plan by way of single payment or 12-60 monthly instalments, the funds are paid directly into the Golden Leaves Trust.

The Golden Leaves Trust is managed by an independent board of Trustees, who have appointed Julius Bär and Quilter Cheviot as the investment fund managers for the Trust.

The funds accepted for funeral plans are held in an independently managed Trust, where it accumulates stable long term growth, specifically to cover the increasing cost of funeral services.

I really didn't want to pass on the worry of all this to my family – I'm so glad I've settled it all in advance

What would you like to know?

Why should I pay now – it'll be years before I need a funeral?

We'll all need a funeral one day and it's costing more every year, so it makes sense to plan your funeral while you can and fix the cost by paying for it now.

If I decide to purchase my plan over 12-60 monthly instalments, what happens if I die before I have paid them all?

A pre-paid funeral plan is not a savings policy and for its benefits and guarantees to be utilised it is required to be paid in full.

Your next of kin or executors will be required to pay the full outstanding balance to Golden Leaves prior to the funeral for the plan guarantees and benefits to remain in place. The funeral arrangements will be set in motion in accordance with the plan's specified services.

If the plan's outstanding balance cannot be met, the plan will be cancelled and the remaining funds will be passed back to the plan purchaser or their estate (or in specific instances the funeral director if required) after the cancellation fee has been deducted. If this particular situation occurs the plan guarantees will lapse and the current day rate for the funeral service will be charged to the family at the time of the funeral.

Can I buy a plan for my Husband?

Yes, you can take out a plan for anyone else. All correspondence will be sent directly to the person arranging the plan and confidentiality is assured.

Can I choose my own Funeral Director?

Yes, you can as long as they have agreement in place with us and they meet our stringent service standards (*except for the Copper Plan where Golden Leaves will select the Funeral Director*). Alternatively, we can recommend and appoint one on your behalf if you would prefer.

Am I guaranteed to be accepted?

Yes. There are no age limits to acceptance if the plan is paid in full or over 12-60 monthly instalments. If the plan is purchased by low Fixed Monthly Payment, the plan holder must be between 50 and 75 years of age at the outset. There are no medical exclusions.

Once the plan is paid for, are there any extra costs?

The services of the Funeral Director are guaranteed to be covered – in accordance with the Terms and Conditions. Certain disbursements may require a further payment at the time of the funeral, but, for those plans where an allowance towards disbursements has been included, we will guarantee any increase to these costs in line with the Retail Price Index (RPI). If you have opted to purchase your plan by way of Fixed Monthly Payments, this allowance towards disbursements will increase by 3% per annum.

How do I know the money will be there when it's needed?

If paying by lump sum or 12-60 monthly instalments, the money you've paid for your funeral is held securely in an independently managed Golden Leaves Trust. Julius Bär and Quilter Cheviot are currently tasked to manage the long-term growth of the fund, specifically to meet the increasing cost of funeral services.

If you have opted to pay by Fixed Monthly Payments, a whole of life policy has been taken out with AXA Wealth Ltd., trading as SunLife, to cover the costs of the funeral plan.

Suppose I die before I have paid twelve months of Fixed Monthly Payments?

During the first twelve months, if you have paid by way of Fixed Monthly Payments, the full benefit will only be paid in the event of accidental death (*terms & conditions apply*), otherwise 120% of the Fixed Monthly Payments you have paid will go to the appointed funeral director to be used as a contribution to the funeral costs and your Next of Kin will be required to meet any balance due.

Can I have a service for my family to attend, if I purchase a Copper Plan?

The Copper plan is a direct Cremation service and therefore unfortunately doesn't include a service for mourners. Many people do hold a separate memorial service at a later date though, once they have collected the cremated remains of their loved one.

What if I die at home and have a Direct Cremation plan?

The Copper plan will still be activated and you will still be collected from your place of residence, but the next of kin will be required to pay an additional surcharge to Golden Leaves.

Can I upgrade my plan to another if I change my mind?

Yes of course, this is a simple process. We will cancel your current plan and apportion those funds to your new selection, which will be priced at the current rate at the time of switching. You will not be charged a cancellation fee.

In these difficult financial times, we have found it far more affordable to pay a low monthly sum and the fact the fixed monthly payments never increase is fantastic!

What happens if I would prefer the cremated remains of my loved one sent back to me rather than collecting them?

Cremated Remains are usually scattered in the Garden of the Remembrance however if you would rather we sent them back to you, this can be arranged at an additional charge.
